

THIS IS COMPASS

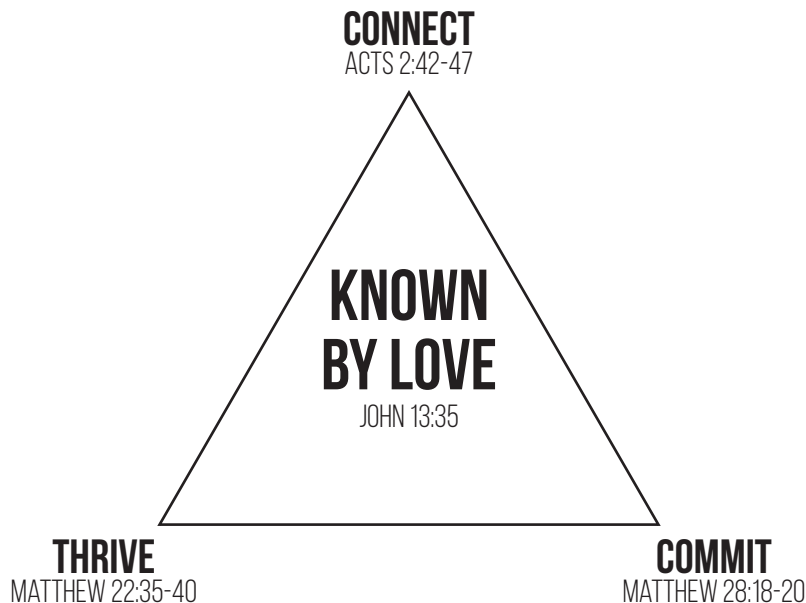

Mission

To glorify God by making disciples who love him completely and others sacrificially. This mission is founded on the Great Commandment and the Great Commission.

Vision

Compass is a multisite church committed to the spiritual transformation of people, families, and communities.

Discipleship Model

Wherever you are on your spiritual journey, Compass wants to help you **CONNECT** and build relationships with God and others, **THRIVE** as you explore biblical truth, and **COMMIT** to get involved and put your faith into action.

Discussion Questions

Connect

1. Thinking back, what is one of your earliest memories of church? If you are fairly new to church, what was your initial impression (Amazing? Intriguing? Confusing?)
2. If someone were to ask you “what is the Church?” from God’s perspective, how would you answer?

Thrive

3. Based on our mission and vision statements, what would your 30 second elevator pitch be to someone who asked you to sum up what Compass is about and why they should come?
4. Read Acts 2:42-46. What activities did the Christians in the early church do to help them to thrive in an intimate and growing relationship with God?

Commit

5. Which of our three discipleship steps (Connect to God and Others, Thrive in Faith, and Commit to Mission) do you resonate with best? Which one is weaker and needs to be strengthened?
6. Acts 2 builds on the events of Acts 1 showing that ultimately, it was the work of the Holy Spirit that brought about the spiritual transformation of people, families, and the entire community in the early Church. In what area of your life do you need God’s power to be at work in supernatural ways?
